

QuickStream Digital — Internal Fraud Screening Report

Generated: 12 May 2025

Transaction reviewed: txn_7762GH (£87.40, 29 Apr 2025)

Internal risk score: 42 / 100 (LOW)

This transaction was processed through our standard checkout flow. Our internal fraud scoring engine assigned a LOW risk score based on transaction amount, MCC, and time of day.

Signals reviewed:

Signal	Value
Transaction amount band	Low (<£100)
MCC risk class	Standard
Time of day	Off-peak (03:42 UTC)
Velocity (24h)	1 transaction
Internal blocklist match	No
Customer account age	New (first transaction)

Conclusion: The transaction passed our internal fraud screening. We are confident this transaction is legitimate.

Prepared by QuickStream Digital Risk Team. This report represents the merchant's internal assessment.
